

# 4CH SD AI MDVR (MR9504ED) - Specification Sheet

## Key Features:

1. Integrated Safety Systems: ADAS, DSM, BSD.
2. Advanced Compression: H.265 video encoding for high image quality and storage efficiency.
3. High-Quality Video: Supports 4CH 1080P/720P AHD.
4. Data Security: Built-in super capacitor to prevent data loss.
5. Comprehensive Connectivity: GPS/BD/GLONASS, 4G, optional WiFi.

## Technical Specifications:

- **System:** Embedded Linux OS
- **Video Input:** 4CH 1080P AHD/TVI/CVI/CVBS
- **Video Output:** VGA + CVBS
- **Audio Input/Output:** 4CH input, 2CH analog output
- **Video Compression:** H.264/H.265
- **Storage:** Supports SD cards (up to 2x512 GB)
- **Wireless Module:** GPS/BD/GLONASS, 4G, optional WiFi
- **Power Supply:** 8-36V DC wide voltage, intelligent power management
- **Operating Temperature:** -10°C to +40°C
- **Dimensions:** 142mm x 153mm x 33mm
